

#58

Project n°58 :

Manufacture of electrical cable ducts

Sub-sector:
Electrical &
Electronics

Description

Manufacture of cable ducts, which can take the form of conduits, mouldings, cable ducts or cable trays. These ducts are used to support for cable sheathing and insulation (e.g. waterproofing, resistance)

Highlights

- Attractive market driven by the construction industry, particularly service sector buildings requiring IT and energy cabling.
- A production process mastered by Moroccan manufacturers.

Main inputs required

- Plastic
- Metal

Financial indicators

- **Potential investment :** ~ 200 - 300 Mns MAD
- **Potential sales :** ~450 - 500 Mns MAD
- **Potential gross margin :** ~10% - 15%

Investment incentives

Subsidies :

- Industrial Development and Investment Fund (FDII)
- ISTITMAR SME or VSE program, depending on sales

Investment Charter *

Training assistance :

- IDMAJ" program
- TAEHIL" program

Financing :

- Mezzanine SME
- Green invest
